

REMARKS

1. The Notification to Comply with the Requirements for Patent Applications Containing Nucleotide and/or Amino Acid Sequence Disclosures, dated October 23, 2006, indicates that the above referenced application is not in compliance with the Rules. In response, Applicant respectfully submits herewith a copy of the Notification, a computer readable form and substitute paper copy of the Sequence Listing as required, and a Statement supporting the submission of the Sequence Listing. *No new matter has been added.*
2. Applicant has herewith enclosed a computer readable form of the Sequence Listing and also a substitute paper copy of the Sequence Listing. The computer readable form is submitted on a diskette as required by the rules. The substitute paper copy of the Sequence Listing can be viewed in the Appendix after the last page of this paper. In addition, the substitute paper copy and the computer readable form are identical. *No new matter has been added.*
3. Also enclosed is the required Statement to support the filing and submission of the computer readable form and the substitute paper copy of the Sequence Listing.
4. Applicant respectfully asserts, therefore, that the Sequence Listing filed herewith including a computer readable form and a substitute paper copy remove all errors asserted in the Notification. Furthermore, Applicant respectfully requests that the Sequence Listing be entered into the Application and into the record. Applicant respectfully requests favorable consideration.

Respectfully Submitted,

Zareefa B. Flener, Pat. Reg. No. 52,896
